## What Do You Know About the First Aboriginal Peoples - Key

### Complete the following chart.

Answer the question, "What do you know about the first Aboriginal peoples?"

Try to include at least ten things on your chart.

1. Aboriginal peoples hunted, fished, lived in tribes, and lived in teepees.
2. They migrated seasonally to get food.
3. They moved their camps from season to season to find food.
4. They hunted large and small animals.
5. They ate berries and plants.
6. They travelled on foot, on horses, and by canoes.
7. They made clothes from leather and furs of the animals they hunted.
8. They used bows, arrows, traps, and snares and caught fish with spears and nets.
9. They had items such as pottery, silver, and copper tools. They made woodcarvings and dried meat.
10. They made snowshoes, toboggans, canoes, and sleds.
- 11.
- 12.
