

Unit 5

Name: _____

Date: _____

Making Connections

Sammy on the Case

The graphic organizer is designed to help students make connections between a central text and various other elements. It consists of a central box on the left labeled "Sammy on the Case". To the right of this central box are three main categories, each with a header box and three sub-boxes for notes:

- Other Text**: The top category, with three empty boxes below it.
- The World**: The middle category, with three empty boxes below it.
- Myself**: The bottom category, with three empty boxes below it.

Curved lines connect the central "Sammy on the Case" box to the "Other Text" and "Myself" categories, while a straight line connects it to "The World".
