

## Practice – Part 2

**Instructions:** Answer each of the following practice questions on a separate piece of paper. Step by step solutions are provided under the Solutions tab. You will learn the material more thoroughly if you complete the questions before checking the answers under the Solutions tab in Moodle.

1. Create a table of values for the equation  $y = 1.1x$  and draw the graph.

2. Create a table of values for the equation  $y = 5x - 1$  and draw the graph.
