

Practice – Part 3

Instructions: Answer each of the following practice questions on a separate piece of paper. Step by step solutions are provided under the Solutions tab. You will learn the material more thoroughly if you complete the questions before checking the answers under the Solutions tab in Moodle.

1. The odds in favour of rolling a 10 on a multi-sided die are 1:11. Calculate the probability of rolling a 10.

2. The odds against winning a raffle are 243:2. Determine the probability of winning the raffle.
