What do you predict is the most popular event? (NHL hockey game, music concert, skateboard competition, entertainment awards show, or video game tournament)	Answers will vary and likely reflect your preferences or those of people you know.
What do you predict is the most watched TV show? (reality show, sitcom, cartoon sitcom, drama, or documentaries)	Answers will vary and likely reflect your preferences or those of people you know.
Which job do you predict most students find interesting? (script writer, director, actor, music or soundtrack creator, or producer of commercials)	Answers will vary and likely reflect your preferences or those of people you know.

Turn to pages 6 and 7 of *Literacy in Action 6B* and view the results from other Grade 6 students. Answer these questions:

Why do you think there were differences in the girls' and boys' responses?	The answers on the survey indicated that girls preferred pop music, rap, and classic rock over metal; boys preferred rap, metal, alternative rock over pop music; boys loved sporting events; girls preferred concerts; girls loved reality shows; boys preferred cartoon sitcoms. The reasons for this may be varied and likely reflect your personal experiences in the different activities.
What patterns or trends do you notice in the results?	Both boys and girls chose rap/hip hop as their favourite music; concerts and hockey games rated highest under events; Grade 6 students do not enjoy either dramas or documentaries; acting rated the highest under jobs in movies and TV; both boys and girls chose photographer as favourite visual artist.
