Saving Habitat Chart

Name of the Reading	Problem in the Habitat	What People Can Do
Hopping to the Rescue	Habitat will be filled in to make a parking lot	Members of the ACC caught frogs and other wildlife and moved them to another habitat
Life in a Pond	Frogs are losing habitats because of new houses and roads being built	Form a chapter of the ACC, rescue the frogs, and increase awareness
Polar Bears	Global warming destroying habitat	Appeal to industry and government to increase awareness
Blue Whales	Hunters have made them an endangered species. Oil spills and pollution are destroying habitats	Governments can improve pollution laws, and make legal protection for whales
For Every Child a Tree	Forests disappearing, desert being created	She organized the planting of millions of trees around the world
Turtle Champion	Turtles get caught in fishing nets	Mike and others free them from the nets
Pathfinder	Animals can't get across roads in their habitats	Got governments to build underground tunnels for the animals
Friend of the Arctic	Oil companies and hunters not good for the muskoxen	Helped create national parks for the animals
