

Unit 3

Name:

Date:

Reader's Notebook: Taking Notes

Instructions:

Write down the **main ideas and details** you find in short form, just like you did in **Fact Fragment Frenzy**. Include information that is the most important or the most interesting - not every single thing that's there. Put the title of the resource you are using at the top of the page and make the notes from that resource on the same page. Use a separate page for each resource.
