Reader's Notebook: What Do Canadian Kids Like to Do?

Before Reading

Read information in the graphs on pages 32 to 36 and answer the question on top of page 32.

1. How do the graphs make the information quick and easy to understand?

--

As you look at the graphs, answer the following questions:

1.	What kinds of activities seem to appear the most often?	
2.	What conclusions could you draw about the class from these charts?	

3.	What do they like to do the most?	
----	-----------------------------------	--

During Reading

Answer these five questions with information in the graph:

1.	What do Grade 4 girls enjoy doing most on weekends?	
2.	What do Grade 4 girls enjoy doing least on weekends?	
3.	What do Grade 4 boys enjoy doing most on weekends?	
4.	What do Grade 4 boys enjoy doing least on weekends?	

5.	What do you notice about the difference between the girls' preferences and the boys' preferences?	
----	---	--

Read the graphs on pages 35 and 36. Students are asked how often they enjoyed doing hobbies or lessons, and how often they participated in organized groups.

1.	Which group enjoyed doing this most?	
2.	Why do you think that is?	

After Reading

Answer survey questions: two questions for girls and two questions for boys.
