### Questions for Mountain Tamers

Write your responses to the questions below.

- 1 Make an inference to answer this question: Why is Amir asking for the fifth time when Grandma will come?

He is very eager and excited because it's his birthday, and he's expecting a present.

- 2 What does he think Grandma is going to give him?

A Mountain Tamer sled.

- 3 Make an inference to answer this question: Why does he **"stare in horror"**?

It's not the sled he wanted - it would be better for a little girl!

- 4 Make a connection and an inference: Why does Amir say, **"Thank you, Grandma."**?

Because he has good manners, and says thank you even though he's disappointed so he won't hurt his Grandma's feelings.

- 5 When Amir's friends come, they see a different sled. Make an inference: What happened?

Amir and Grandma have decorated the sled.

- 6 Why is the story called Mountain Tamers?

The sled he wanted was called the Mountain Tamer, and his new sled will be a mountain tamer as well.
