Reader's Notebook: The Science of Snow Fun

Questions for The Science of Snow Fun

Write your responses to the questions below.

- 1 Why does Josh say the snowflakes **could** be marshmallows?

They are white, they are soft, and they look round.

- 2 What colour are snowflakes?

Snowflakes are clear.

- 3 How are snowflakes made?

"Snow comes from water vapour that freezes into crystals".

- 4 Mandy wants to keep telling her friends about snowflakes. Make an inference: why don't the others want to listen?

The others want to play.

- 5 Make a connection: which do you think is more fun – the science of snow or playing in snow?

Answers will vary.
