## Reader's Notebook: What a Country

### Questions for What a Country

Landforms are the natural land features of a place that include things like flat surfaces, mountains, hills, valleys, and canyons.

What landform can be found in the area where you live?	
--	--

### Before Reading

---

Predict what you think this selection will be about by answering the following question.

Do you know anything about any of the places in this selection? How did you learn about them?	
---	--

## During Reading

---

This report is also divided into sections. After you read a section, answer the questions to summarize the section.

The Ancient Mountains of Gros Morne	
What does the author want you to remember about this landform? What type of landform is this? Where will you find this landform?	
The Natural Wonder of Niagara Falls	
What does the author want you to remember about this landform? What type of landform is this? Where will you find this landform?	
Canada's Rainforest	
What does the author want you to remember about this landform? What type of landform is this? Where will you find this landform?	
Magnificent Hoodoos of the Badlands	
What does the author want you to remember about this landform? What type of landform is this? Where will you find this landform?	

## After Reading

---

When you have completed your summaries on each section, you will take the information from these places to do a **Compare and Contrast** diagram.

Venn Diagram

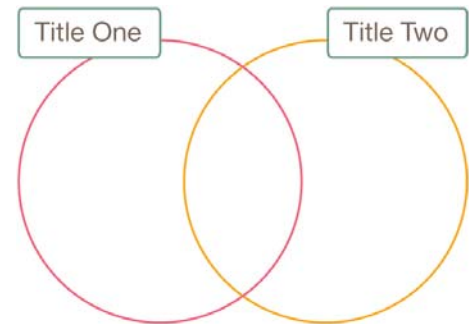

### Venn Diagram

Do **one** of the following:

- Print the following **Venn Diagram Template**.
- Complete the following **Chart for Comparing and Contrasting**.

### Venn Diagram Template

- If you are using the printable template to complete the **Venn Diagram**, print the page containing the template.
  - In the first title space, write your *first place title*.
  - In the second title space, write your *second place title*.
  - The overlapping space will be where you enter information that is the *same* for both places.

Skill Builder

### Skill Builder

How to complete a Venn diagram.

If you need to use this [Skill Builder](#), access it from the online course.
