Art 20 – Course Materials & Supplies

General Supplies - To complete most of the Art 20 assignments, you will require the following art supplies:

- ✍ A set of tempera, watercolour or acrylic paints (or a combination)
- ✍ Several different sizes of brushes
- ✍ Several different pencils (e.g. a set that includes different softness of leads such as 2B, 4B, 6B, etc.)
- ✍ A package of coloured pencil crayons and wax crayons
- ✍ Ruler
- ✍ A Sketchbook consisting of 20 – 30 pages
- ✍ Please find below the breakdown of supplies required for each individual lesson. Additional supplies are listed as suggested, as well as optional supplies (many of these extra supplies will probably be available in your household).

Note: Many “Dollar” Stores now carry Art Supplies and although the quality of these items is obviously not the same as artist-grade supplies, they would be sufficient for completing this course. Alternatively, you may wish to check with a local art supplies store in your area and make sure you mention that you are an Art student at ADLC - most stores do offer a student discount.
