4. If you were directing this play, **give three sound effects and three pieces of music with no vocals**, that you would use within the play.

If you have access to the actual audio files that is great! If you do not have sound effects and music already stored on your computer, you may want to go to this website: [Music and Sound Effects](#)

Once on the website you can search in the top bar and you can also make filter selections down the left side.

If this link does not work, search online for your own audio websites to complete this. You should not download without a membership.

Please **provide the URL for each of your sound and music choices.**
