

SOCIAL STUDIES 9 UNIT 1: SECTION 2: WORKBOOK 3

Canada's House of Commons

Use the information from the link in the course regarding the party standings in the House of Commons to answer the following questions.

Answer the following questions related to the graphs. Type your responses between the blue brackets provided.

1. Which **two** provinces elect the most Members of Parliament to the House of Commons?

< >

2. Which provinces or territories elect the fewest Members of Parliament to the House of Commons?

< >

3. How many seats does the province of Alberta have in the House of Commons?

< >

4. Suggest a reason for such differences in seat distribution in Canada.

< >

5. Which party would form the government? Which party would form the Official Opposition?

< >

Save your completed handout to your **Activities** folder.
