

SOCIAL STUDIES 9 UNIT 4: SECTION 2: WORKBOOK 16

Standard of Living

Analyze the graph and the interactive map to answer the following questions. Type your responses between the blue brackets provided.

1. Look at the map to determine which province and territory you would consider to have the highest standard of living based on average incomes.

- Province: < >
- Territory: < >

2. Which provinces and territories have the greatest GDP? That is, which provinces and territories have a GDP higher than the national average?

< >

3. What likely industry in each province or territory encourages the high GDP in the provinces or territories you identified?

< >

4. Would a high GDP result in a high standard of living in each of the provinces or territories? Explain.

< >

Use the scoring criteria on the following page to assess your work.

Then, place your completed handout into your **Activities** folder.

Scoring Criteria: Standard of Living

	Standard of Living
Excellent	<ul style="list-style-type: none">• I have provided a thorough and accurate analysis of the graph and the map to identify standard of living in Canada.
