Reading/Study Guide Unit 1 Activity

Chapter 1, Lesson 1

Answer the following questions. Type your responses between the blue brackets provided.

1. Think about your own society. What do you think would happen if such a disease appeared in Canada – one that no scientist could treat or cure, and almost half the people in our country died?

< >

2. How frightened would people be?

< >

3. Would people want more or less from scientists? Why?

< >

4. What would happen if half our people were no longer here? What would the effect be on jobs, food, businesses, schools, and our standard of living?

< >

5. Do you think this could ever happen? Explain your answer.

< >
