

Chapter 12 Assessment: Option 1 - Flow Chart

Complete the flow chart by explaining how each of the factors (identified in the *Cause* column of the chart) caused the self-sufficiency to develop in Japan. Then, in the third column, explain how each of the factors may have influenced the Japanese worldview.

Type your responses between the blue brackets provided.

| Cause → | Self-sufficiency that developed → | Effects on worldview |
|-------------------|-----------------------------------|----------------------|
| Geography | < > | < > |
| Resources | < > | < > |
| Climate | < > | < > |
| Natural Disasters | < > | < > |
| Isolation | < > | < > |
