Instructions

- 1. You will complete the first two columns of the Using *Electricity and Magnetism KWHL Chart*.
- What do I KNOW about Electricity and Magnetism?
- What do I WANT to learn about Electricity and Magnetism?
- HOW can I learn more about Electricity and Magnetism?
- What did I LEARN about Electricity and Magnetism?

Get your information for completing the first two columns by watching the videos in Steps 2 and 3.

- 2. Watch the BrainPop video, Electricity.
- 3. Watch the BrainPop video, Magnetism.
- 4. As you read and complete sections in this unit, you will be prompted to return to the *Electricity and Magnetism KWHL Chart* to add new information about flight to the third and fourth columns.
- 5. After the KWHL Chart is completed, you can use it for review and study.
