## Pre-Assessment: Light and Shadows

**Ask Yourself: What do I already know about light and shadows?**

**Start by answering the following questions.**

**1** What are some natural sources of light you can use at your campsite after the Sun goes down?

**2** What are some artificial sources of light you can use at your campsite?

**3** Will the light used outside your tent be visible when you are inside your tent? Explain.

**4** When you use a light inside your tent, what do you think people who are outside your tent will see? Explain.
