Light & Shadows

How Can Light Be Broken Into Colours or Combined to Make a New Colour?

Exit Pass

Coloured Light.

Complete the Exit Pass.

Answer the Following Questions:

You are helping with the school play, and you are in charge of managing the lighting on stage. Your equipment consists of

- one green spotlight
- one red spotlight
- one blue spotlight

- 1 Explain how you would produce a bright pink or magenta light for a scene.

- 2 Explain how you would produce basic white lighting for a normal daytime scene.

3 The director wants you to produce a rainbow on stage. What equipment would need to do this?
