

Plant Growth

Name: _____

Date: _____

Pre-Assessment: Plant Growth and Changes

Ask Yourself: What do I already know about plants and how they grow and change?

Complete the **Fayer Model** to answer these questions.

What do plants need to survive?	What plants do I use every day, and how do I use them?	
	Plants	
How do plants make new plants?	What do all plants have in common?	

Need a hint?

- Do plants need a source of food and water?
- When you sit down to lunch, are there vegetables or fruits that you are eating?
- If you want to plant a garden in your back yard, how would you do this?
- How are a tree, grass, and a rose bush similar?
