Instructions

- 1 You will test your knowledge about the parts of a plant. Go to your local grocery store* and walk around the produce department (vegetables and fruits).
- 2 Various food items come from various parts of the plant. You should identify at least **two** food items for each of these categories: **root, stem, flower, leaf**.
- 3 When you have found these food items, record them in the correct boxes in your ***What Am I? Chart***.
- 4 Check your answers using the Check Your Answers on the following webpage in the course content.

*If you are not able to go to a grocery store, open a produce flyer that came to your house in the mail or search food items on the Internet.
