## What Plants Have Special Needs?

Discover: Plants Have Special Needs

### Question

What plants have special needs and what **adaptations** do they have to meet those needs?

### Resources

---

- Plants with Special Needs

### Instructions

---

- 1 Read the article, Plants with Special Needs to find out about the special needs certain types of plants have and the **adaptations** they have to meet those needs. You can access this from your online course.
- 2 As you are reading, write point-form notes in the ***Plants with Special Needs Chart*** located below to summarize the information.
- 3 Search the Internet for at least three more examples of aquatic, desert, and grassland plants. Write your findings on the ***Plants with Special Needs Chart***.

### Skill Builders

How to write point-form notes.

How to do an Internet search.

If you need to use these [Skill Builders](#), access them from the online course.
