

Name: _____

Waste & Our World

Date: _____

How is Waste Disposed of in Your Community?

Observe: Wastewater Treatment

Question

What is wastewater and how is it treated to be reused?

Resources

Access the website links from the online course.

- Wastewater video (website)
- *What's in Wastewater Chart*
- Wastewater Treatment video (website)

Instructions

- 1 Review the two videos as you think of activities that you do at home that use water. Write them on the **What's in Wastewater Chart**.
- 2 Think of all the wastes that might be washed down the drain or sewer with the water. Write them on the **What's in Wastewater Chart**.
- 3 From your list, are there any that could be harmful to the environment? Write them into the **What's in Wastewater Chart**.

What's in Wastewater?

[illegible]
