

Science 9
Unit A: Biological Diversity
Lesson 6
Practice Worksheet 4: Asexual Reproduction

Complete the following questions.

Question 1

View the page in your online course that provides information on the four types of asexual reproduction. Then write a summary of what **binary fission** is.

Question 2

View the page in your online course that provides information on the four types of asexual reproduction. Then write a summary of what **budding** is.

Question 3

View the page in your online course that provides information on the four types of asexual reproduction. Then write a summary of what **spores** are and how they work in asexual reproduction.

Question 4

View the page in your online course that provides information on the four types of asexual reproduction. Then write a summary of what **vegetative reproduction** is.

Congratulations! You have completed this practice worksheet.

Now it's time to carefully compare your answers to the suggested answers in the online course. When comparing, you should feel free to make changes to your answers or make extra notes.

Keep this practice worksheet for study purposes. Using practice worksheets as a study tool to review for exams is a great idea.

If you unsure about any of the questions or answers, or you just want more feedback, share this practice worksheet with your teacher and ask for assistance. You can do that by emailing the teacher, or by submitting it in the Course Questions Forum in the online course. If you are using this practice worksheet in Google Drive, don't forget to change the sharing settings so that anyone can view it before sending the link to your teacher.
