

Science 9**Unit B: Matter and Chemical Change****Lesson 3****Practice Worksheet 15: Physical and Chemical Changes**

Watch the video in online course "Physical and Chemical Changes". As you watch the video, complete the following table.

Change	Is it a physical or chemical change?	What evidence do you see of a physical or chemical change?
Cutting paper		
Burning paper		
Mixing food colouring and water		
Glowstick		
Mixing salt and water		
Boiling water		
Mixing vinegar and baking soda		
Mixing Epsom salts and water		
Mixing Epsom salt solution and laundry detergent		

Congratulations! You have completed this practice worksheet.

Now it's time to carefully compare your answers to the suggested answers in the online course. When comparing, you should feel free to make changes to your answers or make extra notes.

Keep this practice worksheet for study purposes. Using practice worksheets as a study tool to review for exams is a great idea.

If you unsure about any of the questions or answers, or you just want more feedback, share this practice worksheet with your teacher and ask for assistance. You can do that by emailing the teacher, or by submitting it in the Course Questions Forum in the online course. If you are using this practice worksheet in Google Drive, don't forget to change the sharing settings so that anyone can view it before sending the link to your teacher.
