

Science 9
Unit B: Matter and Chemical Change
Lesson 6
Practice Worksheet 18: Using the Periodic Table

Complete the Skill Practice on page 129 of *Science in Action 9*.

Then, use a periodic table and a calculator to complete the following table.

Element	Symbol	Mass Number	Number of Protons	Number of Electrons	Number of Neutrons
vanadium		51			
nickel		59			
phosphorus		31			
bromine		80			
beryllium		9			
argon		40			

Congratulations! You have completed this practice worksheet.

Now it's time to carefully compare your answers to the suggested answers in the online course. When comparing, you should feel free to make changes to your answers or make extra notes.

Keep this practice worksheet for study purposes. Using practice worksheets as a study tool to review for exams is a great idea.

If you unsure about any of the questions or answers, or you just want more feedback, share this practice worksheet with your teacher and ask for assistance. You can do that by emailing the teacher, or by submitting it in the Course Questions Forum in the online course. If you are using this practice worksheet in Google Drive, don't forget to change the sharing settings so that anyone can view it before sending the link to your teacher.
