Complete the following **Cordillera Resources Mind Map** with information you gather while doing your inquiry. If you need more space, build this in another program of choice.

Name the Cordillera region's natural resources:

Why are natural resources such as food, wood, or metals important?

How do landforms, climate, and natural resources contribute to tourism?

Natural Resources in the Cordillera Region

What are some natural disasters the Cordillera region faces because it is located on the coast or in a heavily forested area?

Identify items that require rare earths to build them.

How important are these items to your education, safety, health, communication, and lifestyle (quality of life)?

Why is it important that Canada have access to rare earths?
