

Activity 7: Forces of Flight

Question

What are the forces of flight?

Resources

Access the website link from the online course or click on the link below.

- [How Do Things Fly](#)

Instructions

- 1 Go to the **How Do Things Fly** website. Watch the short video clip on forces of flight.
- 2 After you have watched the video, click the button that says **Learn More about the Forces of Flight**, and read this selection carefully.
- 3 Next, click the box that says **The Four Forces**. Read this selection and use this information to complete the questions below.

Questions

- 1 In the blue outlined box of each arrow, label each force of flight acting on the airplane.
- 2 In each arrow explain how each force is involved in flying.
