

## Exit Pass: Lesson 3

### How Can Impression Evidence Such As Shoe Prints and Tire Treads Provide Information?

The activities in this section have shown how impression evidence can give investigators information about who left it behind. For each picture shown below, explain two pieces of information you might be able to obtain from that evidence:

#### Questions

	Evidence	Can Tell Us...
Example		1. How tall a person is 2. Type of shoe
1,		
2.
