Tips

1. Alanna just got her hair cut and colored. She always likes to tip her hairdresser 20%. Her bill was $129.00. How much should Alanna tip her hairdresser?

    Tip = 20% × total bill
    Tip = 0.20 × $129.00
    Tip = $25.80

    Alanna should tip her hairdresser $25.80.
