

Power School Tabs for Courses

Please have a careful look at Peter Parker's landing page in PowerSchool, presented in the image above.

Since Peter Parker attends Bert Church High School, PowerSchool defaults to his courses, teachers, and marks for Bert Church High.

If he wants to see his marks in his RVS Online course, he has to click on a different tab.

If you can't see a specific course in PowerSchool, that you are currently studying, take a look to see if you have another tab to click on for another school in which you may be registered.
